Colonoscopy Bowel Preparation instructions — Morning procedure

The success of your examination depends on the bowel being as clean as possible. If the preparation is incomplete, the procedure may be postponed.

To Purchase: **PrepKit Orange + Hydralyte tablets**. This can be purchased from the chemist— no script required. Both can be made up prior to taking and chilled, if desired.

Medications: Generally, all medications can be taken before the procedure, including on the day of the procedure with a small amount of water. If you take Insulin, **Warfarin/Coumadin, Clopidogrel (Plavix) or blood thinning medication**, please discuss with your GP/Gastroenterologist 2 weeks before the procedure. Cease Iron tablets at least 1 week before the procedure.

Bowel Preparation

2-3 Days Prior: Low residue diet, please avoid foods with nuts & grains.

Day Before (Sunday) Have a light breakfast (toast, tea/coffee). After breakfast, **Clear Fluids ONLY for the rest of the day**. This can include: *water, clearfruit juice, black tea/coffee (no milk), clear sports drinks (no blue/red), cordials (no red/blue/purple), plain jellies, clear soups/broths*

12-1PM — Drink 1x dissolved **Hydralyte** tablet in 200ml water

PrepKit Orange Instructions:

4PM – Drink 1x dissolved **PICOPREP** sachet into 250ml Water, followed by 2 glasses of clear fluid

5PM- Drink 1x dissolved **Hydralyte** tablet in 250mL water

6PM – Drink 1x dissolved **GLYCOPREP** sachet in 1L of water

8PM – Drink 2nd dissolved **PICOPREP** sachet into 250mL water, followed by 2 glasses of clear fluid

Day of procedure (Monday):

- Take regular medications with a sip of water but NO blood thinners
- Nothing at all by mouth 6 hours prior to admission/ NO chewing gum
- Please arrive at your schedule time (note this is NOT procedure time)
- All procedures are performed under a sedation/ light anaesthetic. You will not be able to drive home after the procedure due to anaesthetic. Please arrange transport home.
